### From the President

Hi, everyone!

The Air National Guard out of Lincoln will be the presenter at the July 9 meeting. They plan on bringing a UH-72 up to look at. They'll be talking to us about their mission and I'm sure they'll field a bunch of questions from us.

We will also be voting on the logo to put on the chapter sign that will be posted outside Oracle.

It's hot out there! Stay cool. If I don't see you at the meeting, see you at AirVenture!

Chris Halfman

### Young Eagles/ Aviation Nation poker run

The 6/9/2018 EAA80 Young Eagle's rally was a great success as we gave 35 introductory flights--thank you to everyone who helped out! Also, the Aviation STEM fair was a big success also with 260 pancake plates being sold, 10 exhibitors on site and a

nice promotion by KETV on the evening news. Link here: <http://www.ketv.com/article/aviation-stem-fair/21247484>. The same folks are already planning on a better Omaha Aviation Day next year in conjunction with our International Young Eagles Day.

The 6/30/2018 5th Saturday of the month AviationNation flying poker run was also a success (thankfully the weather held off until the evening) with 35 participants, 4 kids flown and 8 aircraft...thank you to all who contributed to helping the 8 AviationNation students pay for their experience to EAA AirVenture at Oshkosh later this month. They'll be camping in Scholler from Sat 7/21 through Sun 7/29...so pretty much the whole time. Stop by and say hello or if you see their red shirts out and about also say hello.

Our next Young Eagle rally is coming up quickly, on Saturday, 7/14. Right now we have 22 kids signed up and a little room left, so it should be another great event. More information to come via the Young Eagle's Google Group distro list.

Thanks for all that everyone does helping promote aviation to the kids, young and old alike. Fly safe!

Jim Beyer

## **EAA Chapter 80**

### **Meeting Minutes**

June 2018

The chapter meeting was held on June 11th at Millard Airport, Oracle Aviation. The meeting was called to order at 7 PM by President Chris Halfman.

Two guests were present. Chuck Livingston is a pilot from Aberdeen SD, but has not been flying for 10 years and interested in building. He joined our Chapter. Nick Nandrick inherited a half built KitFox Classic IV, and has an interest in continuing this project.

Meeting Minutes: The May 2018 meeting minutes were approved as published.

Treasurer's Report: The June treasurer's report was approved as published. The report included receipts of \$72 (dues and the 50/50 drawing). Chapter expenses totaled \$31.71 (including trailer registration fees). Ending balance \$16,034.57. There was another discussion that we should address what to do with the larger balance, perhaps resurrecting the scholarship program.

Membership: Bob Condrey reported 110 total members, of which 82 have paid their dues this year.

Tech Counselors: Mike Howard deferred this discussion to his presentation that followed.

Young Eagles: The last rally on June 9th, in conjunction with the aviation fair, resulted in 35 young eagles flown, 260 pancake plates served, and there were 10 exhibitors present at Oracle Aviation. The next planned rally is July 14th.

Tools: Mike Howard made a general statement that the Chapter has many tools available for member use. These include a (refurbished) large trailer, aircraft jacks, shear break and many other useful (but perhaps not often used) tools.

#### Builder Reports:

1) Tom Wieduwilt (TW) is building a Bearhawk Patrol STOL/Bush aircraft with a friend. The wings are done and the fuselage in work.

2) Ken Bahr is working on his Sonex right wing spar. The tail feathers, ailerons, and flaps are completed.

Builders Meeting: None scheduled

Fly-outs: Mike Howard reported the last fly out scheduled was cancelled due to the accident at Millard closing the

runway. No future ones scheduled. Kevin Marking reported that an airport near Pella Iowa (Sully) has a nice grass strip and restaurant nearby. Pella has a nice fly-in during tulip season, but the pancake lines are very long.

Social Coordinator: Nothing to report.

#### Old Business:

1) 501c(3) proposal. No update

2) EAA Chapter 80 sign. An updated signage was displayed, but will be reviewed at the next meeting when more members are present.

3) TW reported that he and Ed Kirk investigated new lapel microphones for the chapter. A single mic runs \$400, a dual set runs approximately \$700 (+\$25 shipping).

#### New Business:

1) Bob Cartwright reported that the trailer (after having been rebuilt) has a new license and registration.

#### Announcements:

1) Kevin Marking announced that he is taking a cross-country trip to Ohio in his Aeronca Chief, with an expected 19-20 hours flying time.

2) Jeff Shoemaker announced he passed his instrument check ride.

3) Bob Cartwright and Bill Haas helped Bruce Mundie install the wings on his Nieuport28 (reportedly very heavy!).

Presentation: Mike Howard presented information on Service Bulletins for experimental aircraft and LSAs. He emphasized the need for builders, and those buying these type of aircraft, to do their due diligence and ensure that all service bulletins are complied with when building or buying an experimental or LSA.

July Meeting: The next meeting is July 9th at 7pm, at Millard Airport Oracle Aviation.

Raffle Drawing: There was no raffle drawing.

## July Webinars

### **Don't Shoot Yourself in the Foot**

**Tuesday, July 10 – 8 p.m. CDT**

Presenter: Mike Busch | *Qualifies for FAA Wings and AMT credit.*

[Register Now >>](#)

### **Flying Club Scheduling: Challenge or Strategic Advantage?**

**Wednesday, July 11 – 7 p.m. CDT**

Presenter: Josh Bowser

[Register Now >>](#)

### **Get Out Of Dodge! Preparing for Cross-Country Flight**

**Tuesday, July 17 – 7 p.m. CDT**

Presenter: Prof. H. Paul Shuch | *Qualifies for FAA Wings credit.*
